SOUTH AFRICA

SAFARI

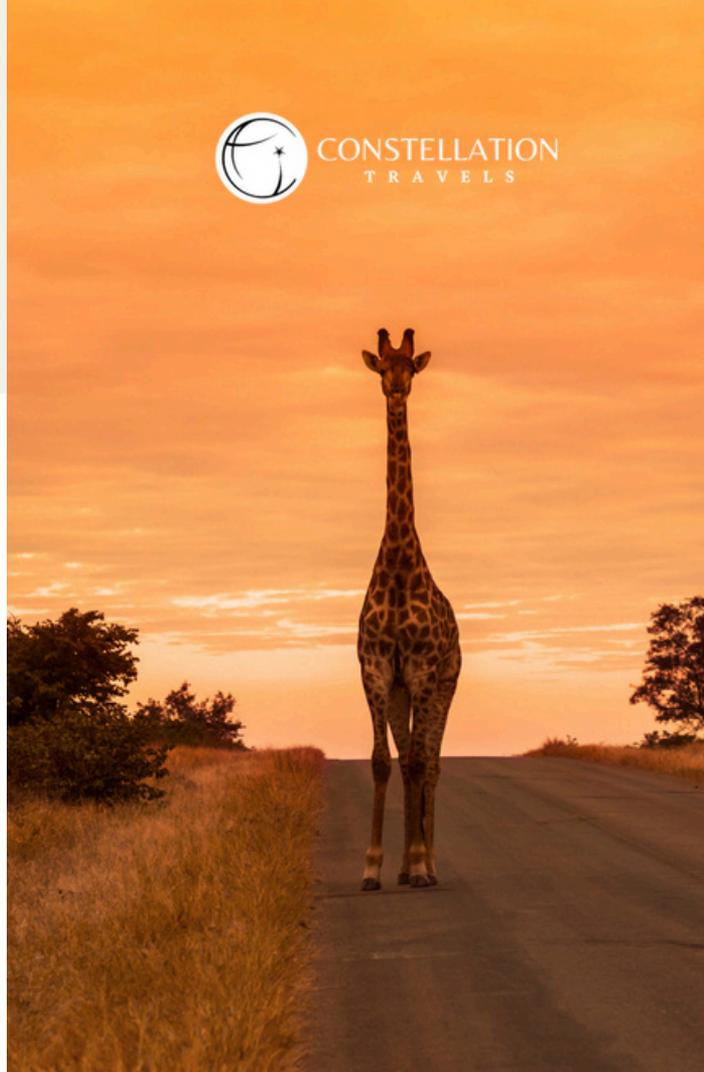

African safaris are without a doubt the most soul-enriching experience one can have in life. With over 20 national parks, 3 transfrontier parks, and many private reserves, South Africa is blessed with an abundance of safari options that will guarantee a true African experience. Whether it's a sighting of the Big 5 (Elephant, Lion, Leopard, Rhino, and Buffalo), a unique dining experience, total relaxation, or adventure activities that are the priority, a South Africa safari will surpass all needs and expectations.

CAPE TOWN

Cape Town has magnificent beaches, a fantastic variety of wine estates within close proximity of the city, and tremendous cultural experiences such as Robben Island and the Townships. Scenic locations as well, such as Table Mountain, Signal Hill, and Camps Bay, just to name a few. Being a first-world city in a developing country, Cape Town is a great "welcome" and "ease into" Africa city for first-time visitors. The nice thing about Cape Town is that everything is within a 20 – 30-minute drive from the center of Cape Town, where hotels would be located.
